Lee Called and indicated someone attempted to call his mother-in-law but apparently she is elderly and did not know she was going to be a contact for Lee and Norma.
Lee now has ironed that out and has provided his cell phone number: 308-6430.

Who ever called his mother-in-law can reach him at the above number.

Lee called and requested that his name be removed for the contact for WD 37 and 37M. (Watermaster's office will keep old address)

He indicated that they are selling their residence in Gooding but can be contacted at his mother-in-laws place....
